

2018 BASEBALL SUMMER CAMP

OUR PURPOSE

The primary purpose of Baseball Camp is to develop individual baseball skills while emphasizing the importance of teamwork, self-discipline and sportsmanship.

We want to motivate each camper not only to set high goals, but also to search out realistic ways to approach the attainment of those goals. We want campers to learn to appreciate the value of fundamental correctness, as well as the value of practice itself.

Our overall aim is to provide the kind of experiences that will enable all of us to feel the joy that comes from sharing with and relating to others in a positive way. We want each camper to discover that real winning involves a proper attitude every bit as much as it does effort and ability.

A TRULY UNIQUE CAMP EXPERIENCE

The Kalamazoo Valley Community College Summer Baseball Camp is designed to improve the techniques and skills of each participant through a fun environment. Campers are grouped according to their age and skill levels. Our experienced staff takes great pride in helping the campers improve all facets of their game. Some of the most dedicated and knowledgeable coaches in Michigan supervise the campers, working to help each participant become a "total player," one skilled in the game's fundamentals. Coaches work with players individually and collectively to ensure progress.

Our program is the perfect opportunity to receive expert instruction in the individual techniques necessary to become a great player. Coaches stress the fundamentals and finer points of the sports. We encourage the campers to work hard, make friends and, most importantly, have fun at Kalamazoo Valley's Summer Baseball Camp.

Specifically, camp consists of daily instruction, drills, activities, and games versus other campers. Camp also involves skills competition and evaluation. Campers will also receive a t-shirt on the first day of camp after checking in and also a certificate recognizing their participation.
